Re: *Ex Parte* Presentations
MM Docket 99-25
In the Matter of Creation of a Low Power Radio Service

Dear Ms. Dortch:

Edgewater Broadcasting, Inc., Radio Assist Ministry, Inc., and World Radio Link, Inc. (the "Ministries") hereby notify the Commission, pursuant to Section 1.206(b)(2) of the Commission's Rules that on April 13 and 14, 2005, Clark Parrish an officer and director of each of the Ministries, Steve Atkin, an employee World Radio Link, Inc. and the undersigned, counsel to each of the Ministries, met with the following Commissioners and staff regarding MM Docket 99-25.

The meetings conducted were as follows:

- April 13, 2005 2:00 PM – Deborah Klein, Roy Stewart, Robert Ratcliffe, Peter Doyle, James Bradshaw and Bill Wilson of the Media Bureau (approximately 45 minutes);
- April 13, 2005 3:00 PM – Catherine Bohigian of Chairman Martins' Office (approximately 10 minutes);
- April 14, 2005 10:00 AM - Commissioner Adelstein and Eric Bash (approximately 30 minutes); and

At each of the above-listed meetings, the Ministries discussed the following issues related to MM Docket 99-25:

- The history, nature and purpose of each of the Ministries and the integral nature of translators to the development of their local and regional broadcast ministries.
- The freeze on non-mutually exclusive FM Translator applications and importance of continuing processing of applications properly filed in the Auction 83 window. Specifically, the Ministries explained how the freeze accomplishes little toward the goal of a viable LPFM service, that few LPFM facilities were actually precluded by the FM translator window.
- The idea that LPFM and FM translator services are not mutually exclusive and that each can survive as a viable service along side the other.

This notice is being filed electronically via ECFS. Should you have any questions regarding this notice, please contact the undersigned counsel.

Respectfully submitted,

Dawn M. Sciarrino

Radio Assist Ministry, Inc. and
World Radio Link, Inc.
